Hyundai Roadside Assist

We're with you on your journey for extra peace of mind.

Your new Hyundai is backed with the most comprehensive driver assistance service ever offered by Hyundai. Now, wherever you drive in Australia, Hyundai Roadside Assist will be right there with you with a complete range of services, all designed to give you greater peace of mind.

Hyundai Roadside Assist also provides roadside support during ownership of your Hyundai. That's why we offer you up to 7 years of Roadside Assist when you service your vehicle with Hyundai. These services will assist you wherever and whenever you need roadside assistance, 24 hours a day, 365 days a year.

Complimentary 12 months Hyundai Roadside Assist is provided when you purchase a new Hyundai vehicle (excluding rental cars and taxis). Roadside Assist extensions are valid for 12 months from the date of scheduled maintenance service at a participating authorised Hyundai dealer. Does not apply to vehicles when they reach 84 months from original new car sale date.

Bring your benefits with you.

If you are an existing member with a local Motoring Club, for a fee of \$16.50[†] you can bring your benefits with you as part of your Hyundai Roadside Assist membership. This 'bridging option' allows you to get continued access to insurance products, travel and touring services, membership maps and publications offered by your local Motoring Organisation. And at the end of your Hyundai Roadside Assist membership, your time spent with us will be carried over and count towards your years of service if you resume membership with your local Motoring Club.

To find out more and arrange a 'bridging option' call us on **1800 186 306**.

[†]Not available for SA customers. Prices current as at 12/09/2012.

Simply call 1800 186 306 for Hyundai Roadside Assist.

Hyundai Roadside Assist is provided nationwide by Assist Australia Pty Ltd and Australia's Motoring Clubs.

*Terms & conditions apply. Please see reverse for more details.

HYUNDAI ROADSIDE ASSIST

Hyundai Roadside Assist is provided by Hyundai Motor Company Australia Pty Limited through its service provider, Assist Australia Pty Ltd.

Roadside Assist upon purchase of new Hyundai vehicle – The Hyundai iCare program offers 12 months complimentary Roadside Assist (from the date of the vehicle’s warranty commencement) when you buy a new Hyundai vehicle from a participating Hyundai dealer. This offer is available for all Hyundai vehicles (excluding rental cars and taxis) until 30 June 2013, unless extended.

Roadside Assist upon service – When you have your Hyundai vehicle’s scheduled service at a participating Hyundai dealer, you will receive 12 months complimentary Roadside Assist (from the date of service). This does not apply to vehicles which have reached 84 months from the original new-car sale date. For vehicles older than 72 months from the original new-car sale date, Roadside Assist ends once your vehicle reaches 84 months from the original new-car sale date, regardless of whether 12 months has elapsed since the date of the relevant service. This offer is available for all Hyundai vehicles (excluding rental cars and taxis) until 30 June 2013, unless extended. Please mention the complimentary Roadside Assist offer to your participating Hyundai dealer at the time of your vehicle’s service.

Terms & Conditions*

1. Standard and Premium Plan

The Roadside Assist services available to you will depend on the plan that your Hyundai vehicle is eligible for – whether standard or premium. Please confirm with your participating Hyundai dealer which Roadside Assist plan your Hyundai vehicle is eligible for.

2. Terms and conditions of service

(i) Flat Battery – The Hyundai Roadside Assist Provider will provide a “battery boost” and any other practical assistance at the roadside to start your vehicle. Where your vehicle cannot be made mobile at roadside, a new battery will be provided free of charge if your original battery is within the warranty period (which is two years or 40,000 km, whichever occurs first). Change of battery after the warranty period will be available at the driver’s expense.

(ii) Flat Tyre – A tyre change will only occur where your vehicle has a serviceable spare tyre available. Where your vehicle does not have a serviceable, roadworthy or compatible spare tyre, a tow to the nearest facility able to supply and/or repair the tyre will be provided at the driver’s expense. Where two tyres have become damaged, your vehicle will be towed to the nearest facility able to supply and/or repair the tyre/wheel at the driver’s expense.

(iii) Lost Keys or Locked Out – Where your vehicle is unable to be accessed due to lost or locked in keys, the Hyundai Roadside Assist Provider will attempt to open the vehicle. This action will be subject to satisfactory proof of ownership by the driver or owner authority to drive the vehicle. The driver may be required to sign an indemnity, releasing the Hyundai Roadside Assist Provider from any liability should damage be caused by such forced entry. If the Hyundai Roadside Assist Provider is unable to open the vehicle, they will where practicable arrange the pickup and delivery of the spare key (if available). Where access to the vehicle cannot be effected by the Hyundai Roadside Assist Provider, the attendance of a locksmith will be arranged or the vehicle may be towed. This will be done at the driver’s expense if your vehicle is under the standard plan. If your vehicle is under the premium plan, the attendance of a locksmith will be arranged up to a value of \$150 (incl GST) or the vehicle may be towed free of charge. If the vehicle is towed as a result of a lockout the driver will be required to sign an indemnity releasing the Hyundai Roadside Assist Provider and Assist Australia Pty Ltd from any liability should damage be caused by towing the vehicle while P or Park is engaged in the gearbox.

(iv) Out of Fuel – Wherever possible, the Hyundai Roadside Assist Provider will provide sufficient liquid fuel (not LPG) to enable an out of fuel vehicle to be driven to the nearest service station (the supply of liquid fuel may be charged to the driver). Where it is not possible or practical to provide liquid fuel, a tow will be provided to the nearest service station at the driver’s expense.

(v) Home Assistance – During times of peak demand, “at roadside” calls will be given priority over that of “at home” calls for assistance.

(vi) Accommodation – This is only provided for vehicles under the premium plan when the repair time is estimated to take more than 24 hours (but can be locally repaired within less than 3 days) and the vehicle is more than 100km from the driver’s home. Accommodation will be provided for up to 3 nights to a maximum value of \$120 (incl GST) per night.

(vii) Rental Vehicle – This is only provided for vehicles under the premium plan when the repair time is estimated to take more than 24 hours and the vehicle is more than 100km from the driver’s home. The number of days the rental vehicle will be available depends on whether or not the driver chooses to take up the accommodation option. If the driver chooses to use the rental vehicle option in conjunction with the accommodation option, the driver will be able to obtain a rental vehicle for up to 3 days to a maximum of \$110 (incl GST) per day (subject to your vehicle be able to be locally

repaired within less than 3 days). If the driver decides to continue the journey without accommodation assistance, the rental vehicle will be available for up to 5 days to a maximum value of \$110 (incl GST) per day. Vehicle rental arrangements are subject to any terms and conditions imposed by the vehicle rental company and exclude all fuel costs, insurance, tax, stamp duty charges or any (rental vehicle) relocation fees or excess kilometre charges, which will be at the driver’s expense.

(viii) Alternative Ground Transport – This is only provided for vehicles under the premium plan. Where vehicle rental is not available or where the rental car company refuses to provide a rental vehicle to any driver due to the driver’s age or driving licence limitations or restrictions, or for any other reason beyond Assist Australia Pty Ltd’s control, alternative ground transportation will be provided to the registered owner’s home address or intended destination where it is expected that the vehicle cannot be repaired locally or repaired within less than 24 hours. Alternative ground transport will be provided up to a limit of \$200 (incl GST) per incident. Where required, return transportation will be provided for one driver to retrieve the vehicle.

(ix) Vehicle Recovery – If you decide to continue on with your journey and the repair time on your Hyundai vehicle is estimated to be more than 24 hours and the vehicle is more than 100km from the driver’s home, we will deliver your vehicle to your home or another destination acceptable to us.

(x) Remote Areas – If your Hyundai vehicle requires assistance in a remote (sparsely populated) area, Roadside Assist will be provided, however service delivery may be subject to lengthy delays brought about by breakdown location, availability and accessibility.

(xi) Towing – Towing will only be provided for Hyundai vehicles weighing less than 2,500kg at the time of breakdown. Where the vehicles exceed this limitation and/or where specialist towing equipment is required, towing will be arranged at the driver’s expense. The decision regarding whether a vehicle requires towing is at the Hyundai Roadside Assist Provider’s discretion. Where it is specified in these terms and conditions that towing will be provided, towing will be provided to the preferred authorised Hyundai dealer of the driver’s choice (or to the local service facility of the Hyundai Roadside Assist Provider) within the metropolitan area of the breakdown (if the breakdown occurred in the metropolitan area) or to the closest authorised Hyundai dealer (if the breakdown occurred in the country) and an authorised Hyundai dealer is present in the area. Where a disabled vehicle has been towed to the local service facility of the Hyundai Roadside Assist Service Provider in the country area and the vehicle is still unable to be mobilised using “at roadside” repair methods, the Hyundai Roadside Assist Provider may commence Emergency Repair services or the vehicle will be recovered, by means determined by the Hyundai Roadside Assist Provider (e.g. by car transporter) to the closest authorised Hyundai dealer. Delays may be experienced with vehicle recovery.

(xii) Service Limitations – Roadside Assist will be refused where the Hyundai Roadside Assist Provider attends a call and under initial inspection reasonably determines that:

- The vehicle has been participating in any form of motor sport; or
- The driver has been engaged in unlawful activity or driving under the influence of alcohol or drugs; or
- The vehicle has undergone major body modifications; or
- There is a perceived safety risk.

(xiii) Vehicle Rescue – Where your vehicle becomes disabled off a legally trafficable road such as beaches, fields or creek beds, vehicle rescue may be arranged at our discretion and at the driver’s expense.

(xiv) Trafficable Roads – Service will only be provided to vehicles disabled on constructed roads/driveways that are legally trafficable by conventional two wheel drive vehicles and/or the towing/recovery vehicle (where required) as determined by the Hyundai Roadside Assist Provider.

(xv) Bugged Vehicle Recovery – Service will be provided to vehicles stranded on a trafficable road (constructed roads/ driveways that are legally trafficable by conventional two wheel drive vehicles and/or the towing/recovery vehicle, where required) and where no special equipment (including without limitation power winches or extended cables) are required.

(xvi) Special Equipment – Should special equipment be necessary to effectively deliver service and/or where the Hyundai Roadside Assist Provider has to return to their service facility to obtain this special equipment, the additional cost involved will be charged to the driver.

(xvii) Natural Disasters/ Industrial Disputes – We may alter and/or offer alternative assistance where a natural disaster (such as a flood, storm or fire) or an industrial dispute places extraordinary demands on the provision of service. Where a disabled vehicle cannot be reached, for example due to a natural disaster or an industrial dispute, the Hyundai Roadside Assist Provider will attempt to provide whatever alternative assistance is practicable under the circumstances, but such assistance will be at the discretion of the Hyundai Roadside Assist Provider.

(xviii) **Collision/Accident** – Where your vehicle is damaged as a result of a collision or impact with any object, whether caused by mechanical failure or for any other reason including fire, or for any other incident generally covered by motor vehicle insurance, towing will not be provided. However, towing assistance can be arranged at the driver's expense.

(ixx) **Unattended Vehicles** – Vehicles which are found to be unattended will not receive service under any circumstance. The owner or the driver must wait with the vehicle while the Hyundai Roadside Assist Provider examines the car. Where the owner has elected an authorised representative, this representative must hold a current motor vehicle driver's license in case the vehicle needs to be moved. Where the vehicle is found to be unattended, the roadside assistance job will be aborted and any subsequent calls for assistance will be at the driver's expense.

(xx) **Attempted Repairs** – Where the Hyundai Roadside Assist Provider attends a roadside assistance incident and under initial inspection reasonably considers a third party attempt to repair the vehicle has occurred and caused damage and where the vehicle cannot be started or driven without further potential risk of damage, service may be refused. Towing under this circumstance will be at the driver's expense.

(xxi) **Caravan and trailer** – Roadside Assist will not be provided for caravans or any other form of trailer body being towed by the vehicle. However, should the vehicle, whilst encumbered by a caravan or any other form of trailer body, experience a roadside breakdown and require towing, the caravan or any other form of trailer body will be moved to a safe location (to avoid a potential traffic hazard only) as determined by the Hyundai Roadside Assist Provider.

(xxii) **Cargo** – We will accept no responsibility under any circumstances for the security and/or any loss associated with a disabled vehicle's cargo which may result from delays in providing Roadside Assist, towing or other reasons.

(xxiii) **Modified Vehicle** – If your vehicle has body modifications, it may not be possible to get it onto a standard recovery vehicle. Any evidence of this may affect the warranty and the ability to provide roadside assistance.

(xxiv) **Neglect and/or Abuse** – We will not be responsible for additional or increased costs and expenses as a result of the following:

- Where additional costs are incurred resulting from product abuse or neglect by the owner/driver. These costs will be the responsibility of the driver;
- Repeated incidents of a similar nature in which it can be reasonably determined that the frequency and/or type of incident is as a result of the owner/driver negligence, whereupon we will be able to suspend the roadside service of that owner/driver.

(xxv) **Repair costs** – Roadside assist does not cover costs in relation to parts or any other associated costs for the repair of the vehicle, other than minor breakdown repairs to facilitate the immediate mobilisation of the vehicle.

(xxvi) **Taxi** – a one way taxi journey (up to the value of \$55 incl GST for vehicles under the standard plan, and up to \$100 incl GST for vehicles under the premium plan) from the incident site will be offered to the driver and passengers of a vehicle which cannot be made mobile at roadside and where the vehicle has been cleared for towing by the Hyundai Roadside Assist Provider. Any additional fares and subsequent taxi trips will be at the expense of the driver.

(xxvii) **Vehicles which are used as rental cars and taxis** – vehicles used as rental cars and taxis are excluded from Roadside Assist services. Services may be offered to a vehicle used as a rental car and taxi at the driver's expense.

3. Bridging Option – If you have been a member of your local Motoring Club, for a fee of \$16.50 per annum you can obtain continued access to insurance products, travel and touring services, membership maps and publications offered by your local Motoring Club ("Bridging Option"). At the end of your Hyundai Roadside Assist membership, your time spent with us will be carried over and count towards your years of service if you resume membership with your local Motoring Club.

If you wish to purchase the Bridging Option, you should contact your local Motoring Organisation by calling 1800 186 306 during normal business hours.

The Bridging Option is not membership of your local Motoring Club. Member rights (including voting and public float rights) are not available whilst participating in the Bridging Option. The Bridging Option is also not available in South Australia.

4. Consequential loss – To the extent permitted by law, Hyundai Motor Company Australia Pty Limited, Assist Australia Pty Ltd and each of their employees, officers, directors, contractors and agents will not be liable for any indirect or consequential loss or damage whatsoever arising out of the provision, delay or failure to provide any benefits and services under the Hyundai Roadside Assist, whether as a result of any negligence, act or omission, and howsoever arising.

5. Important Information – Hyundai does not provide any warranty as to the completeness or accuracy of the information in this brochure and to the extent permitted by the law, neither Hyundai Motor Company nor Hyundai Motor Company Australia Pty Limited will be liable to any person as result of reliance on the content of this brochure. Information is current as at 12/09/12. Hyundai may change any of the terms and conditions at any time without notice.

Wherever you drive in Australia,
Hyundai Roadside Assist is right
there with you.
